DETAILED ACTION

Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 11 October 2005 has been entered.

Response to Amendment

This Office action has been issued in response to preliminary amendment filed 11 October 2005. Claims 1, 3-11, 13-14, and 19 are pending. Claims 2, 12, and 15-18 are canceled. (Claims 15-18 had been withdrawn previously as non-elected, and are now canceled as the elected claims are being passed to issue).

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Deon Bregnan on 20 December 2005.

The application has been amended as follows:

In claim 1, line 14, delete – plurality- and insert “group”.

In claim 11, line 15, delete – plurality – and insert “group”.

In claim 19, line 1, delete - 12 – and insert “11”.

Allowable Subject Matter

Claims 1, 3-11, 13-14, and 19 are allowed, and hereby renumbered 1-13, respectively.

The following is an examiner’s statement of reasons for allowance:

With respect to independent claims 1 and 11, during the first time period each memory device in the first group of memory devices having a second transfer rate that is less than a first transfer rate for transferring the first data block during the first time period and each one of the memory devices in the first group of memory devices communicates in response to the command a respective second data block, which has a size less than the first data block size, during the first time period, is not taught or suggested by the cited prior art of record. Claims 3-10, 13-14, and 19; now renumbered 2-9 and 11-13, respectively; depend upon the instant claims and are allowable for at least the reasons set forth supra with respect to same.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
